

Profiler™ EMP-400

Training Course Information

Geophysical Survey Systems, Inc.

Course Outline

	Morning	Afternoon
Day 1	EMI Method/Theory An introduction to EMI theory and it's use in the field. Difference between In-Phase, Quadrature, and Conductivity data sets and where they are best utilized. Different survey methods and factors that affect survey success.	Surveying Introduction to the Profiler UI. Setting up for a survey in Stationary, Continuous, and Freeway modes.
Day 2	Review and Advanced Skills A review of the previous afternoon's learned skills. Setting a PDA to communicate with another Profiler.	Data Processing Transferring data from the Profiler PDA and onto a PC via Windows Mobile Device Center (WMDC). Processing in MagMap 2000 and Surfer.

General Information

Where is class held?

Class is held at GSSI Headquarters at 40 Simon Street, Nashua, NH.

When are the classes?

The class schedule is on our website at <http://www.geophysical.com/training.htm>.
Class size is limited to 8 students, so reserve a spot early.

You can reserve a spot simply by contacting the Customer Service at customerservice@geophysical.com or 603-893-1109.

What are the class times?

This is a two-day class that runs from 9 AM to 4 PM with approximately 1 hour for lunch.
Five-minute breaks are given every hour.

What does it cost?

If you purchased a Profiler, training is provided at no cost during the two year product warranty.
Within the warranty period, you may select from any scheduled training course offered at GSSI.
After the product warranty has expired, the tuition for a scheduled training course offered at GSSI is \$800 per student.

Where should I stay?

There are a number of hotel options within a 10-15 minute drive of GSSI. A listing with phone numbers is included in this packet.

How far is GSSI from the airport?

Roughly 45 miles from Boston's Logan International Airport, and roughly 30 miles from Manchester (NH) Airport.

Do I need to rent a car?

Yes. There is no public transportation from the airport to Nashua, and no public transport around town. GSSI cannot pick you up from the airport.

What should I bring?

You will get as much out of the class as you put into it so, be prepared to take notes. A portion of the course requires some intensive computer work. You should be familiar with working in a Microsoft Windows environment. You should be able to:

- 1** Create and rename a folder in Windows.
- 2** Move files around your computer by 'dragging and dropping' or cutting and pasting. The instructor will not teach this, and it is your responsibility to acquire this knowledge before coming. The standard tutorials that come with Windows should be enough.

You may videotape or record the training if you wish. If you want to bring your personal equipment to work with, that is fine but not required. Students will be evaluated by class participation and oral examinations.

GSSI also has training computers available for you to use.

What if I need to cancel/reschedule?

Just contact us and let us know 48 business hours before the class. You will not be billed for the class. Failure to show without prior cancellation may result in a penalty.

Should I plan to stay and see the sights?

Absolutely. In addition to being one of the finest sports towns in the country, Boston has a huge variety of historical and cultural activities including: professional sports, Revolutionary War sites, a world class art museum, aquarium, and many great restaurants. Very fine hiking and skiing are also a short drive away.
